PRESIDENT'S DESK

India to Host FIDIC Global 2026 - A Moment of Pride for CEAI

Dear Members,

It gives me great pride to share that CEAI has been making its mark with distinction on the global stage over the past weeks. A vibrant delegation of our members participated in the FIDIC Asia Pacific Conference, Bali, where Indian engineering excellence was strongly represented in the regional dialogue on technology, sustainability, and collaboration. Soon after, our large presence at the FIDIC Global Infrastructure Conference in Cape Town reaffirmed CEAI's growing influence and visibility within the global consulting engineering community.

At both these forums, Indian perspectives were heard, valued, and appreciated. I was especially delighted to see many of our Governing Council members receive accolades and recognition at these events - an acknowledgment of the exceptional talent and leadership that resides within CEAI. Their success is not just personal achievement but a reflection of the stature Indian consulting engineering has earned worldwide. Most noteworthy is the bestowing of the prestigious Louis Prangey Award by FIDIC to our Past President, Mr K.K.Kapila. This is FIDIC's highest accolade and this is the 20th time in the 113 year history that FIDIC has awarded this recognition, and the first time to an Asian.

Beyond these FIDIC gatherings, CEAI has also been active across a wide range of national and international industry platforms, ensuring that the voice of Indian consulting engineers is heard on critical issues of infrastructure, sustainability, digital transformation, and policy. This sustained engagement reflects the credibility CEAI has built as the collective voice of our profession.

I am also pleased to share some truly historic news: India has been awarded the honour of hosting the FIDIC Global Infrastructure Conference 2026 in New Delhi in September next year. This will be the second time this prestigious event comes to India, and it is a matter of great pride that CEAI will play host to the world's consulting engineering leaders, policymakers, and innovators. I warmly urge all CEAI members, firms, and partners to begin preparing for active participation - through contributions, sponsorships, and presence – to make the 2026 conference an unforgettable milestone.

Meanwhile, closer home, we will gather for the CEAI Annual Conference and Awards in November 2025. This will be a special moment for us to come together as a community, celebrate the achievements of our members, and reflect on our collective contribution to building resilient and sustainable infrastructure for India. I encourage you all to join in full strength, share your insights, and showcase the best of CEAI's work.

As we move forward, CEAI will continue to build on this momentum, engaging actively at both national and international levels, and creating opportunities for our members to learn, grow, and shine. The journey ahead is exciting, and I count on your continued support in making it even more rewarding.

2026 will be our time to show the world what Indian consulting engineers stand for - innovation, integrity, and impact.

Warm Regards,

Prashant Kapila
President, CEAI

LAURELS & ACCOLADES

FIDIC honoured Mr K K Kapila, CEAI Past President, with the Louis Prangey Award, FIDIC's highest award. He is the first Asian to get the Award and only the 20th recipient in 113 years. Kudos to Mr Kapila for this well-deserved recognition and extraordinary honour.

A civil engineer who has played an influential role, both in FIDIC and across the international consulting engineering industry over many years, Mr Kiran Kapila, has been awarded the prestigious Louis Prangey Award, the highest recognition for outstanding service to FIDIC and the global consulting engineering industry. Mr Kapila received the accolade during the 2025 FIDIC Global Infrastructure Awards Gala Dinner held in Cape Town, South Africa, on 23 September 2025.

The Prangey Award, the highest recognition for dedicated service to FIDIC, was named after the founding FIDIC president, Louis Prangey and was established to be presented to a person who has rendered significant service to FIDIC and/or to the profession of independent consulting engineering and who exemplifies the objectives of FIDIC. The recipient is considered to be a role model for the consulting engineering industry and is endorsed by both the FIDIC board and the past presidents council, in accordance with the FIDIC statutes and bylaws.

The 600-plus strong audience of industry professionals present at the event heard that Kapila's leadership, achievements, contribution to his company and the industry across India, South Asia and Africa have been truly significant and greatly enhanced the reputation of FIDIC. He is a fellow of the Institution of Engineers of India, a fellow of the American Society of Civil Engineers and has been associated with CEAI, the Consulting Engineers Association of India, for almost three decades and has been on its governing council member in all that time, including serving as CEAI president from 2007 to 2010.

Mr Kapila was also founding member of the Corporate and Institutional Integrity Africa Committee and served as co-chair of the Federation of Indian Chambers of Commerce and Industry, which focuses on urban development to enhance the socio-economic growth of India, for almost eight years. He was also the first non-European chairman of the International Road Federation and served for nine years from 2010 to 2019.

Vital work on road safety initiatives

He also holds an Advisory status with UNESCOS, the United Nations Educational, Scientific and Cultural Organization, and serves on road safety initiatives with the UN. Mr Kapila has been working to reduce road accidents and fatalities by 50% before the end of 2030 and his work in this area led to a Landmark Resolution No. A/64/255 by the United Nations in 2010 and he continues to work in this area.

Presenting the award, FIDIC president Catherine Karakatsanis said: "Our winner has an impressive track record of volunteer activities for FIDIC and other organisations and he has made a significant difference to the industry, to his profession and to the world in which we all work. A role model, inspiration and true friend to FIDIC across many decades, Kiran's work has been instrumental, enhancing the reputation of the FIDIC across the global construction and infrastructure sector."

As he received the award, Mr Kiran Kapila was characteristically modest and humble, reflecting on his work in trying to reduce road accidents and fatalities by 50% before the end of 2030, he said that he had made this his life's mission to make a difference to people's lives and to prevent people dying unnecessarily. "Receiving this award is a great honour and am delighted to accept it and am very grateful to have been chosen by FIDIC to receive such a prestigious recognition," Mr Kapila said.

We are thrilled to announce that one of our GC Member, **Mr Gagan Anand**, Managing Partner, Legacy Law Offices has been awarded the prestigious India Stellar Accolade 2025 by LegalOne. This recognition is a testament to the exceptional practical expertise and commercial judgment demonstrated by Mr. Anand in rendering professional legal services. This honor has been conferred upon Mr. Anand following a comprehensive evaluation of his experience, his capacity to navigate legal complexities and challenges, and the significant commercial and social contributions he has made.

We wish to extend our heartiest congratulations to Mr. Anand on this incredible achievement.

FIDIC EVENTS

FIDIC ASIA PACIFIC CONFERENCE 2025 - BALI, INDONESIA

The FIDIC Asia Pacific Annual Conference 2025 took place from August 18 to 20, 2025, in Bali, Indonesia. It was organised by the National Association of Indonesian Consultants (INKINDO) and endorsed by FIDIC. More than 250 delegates attended the sessions to discuss new technologies transforming the engineering and construction industry.

The conference theme was “New Technologies Transforming the Engineering and Construction Industry”, and it deliberated on the cutting-edge innovations that were reshaping the engineering consultancy sector.

Mr Sudhir Dhawan, Mr Prashant Kapila, Mr Gagan Anand, Ms Vandana Randhawa, Ms Harshita Jain, Mr Vishwas Jain, Dr Ajay Pradhan, Mr A S Brara represented from Consulting Engineers Association of India

*Recorded Video Welcome Address of FIDIC President
- Ms Catherine Karakatsanis*

*Welcome Address by FIDIC Board Member
- Mr Prashant Kapila*

Chairman of INKINDO – Mr Erie Heryadi

FIDIC Asia Pacific President - Mr Sudhir Dhawan

FAP awards were presented to following:

- **Envoy of Excellence:**
Mr. Zulkifli Halim & Mr. Irawan B. Koesoemo (Indonesia)
- **Emerging Leader:**
Ms. Harshita Jain (India)
- **Editorial Award:**
Mr. Amitabha Ghoshal (India)
- **Outstanding infrastructure project (Medium Category):**
ICT Pvt Ltd, for the project of Sonamarg Tunnel
- **Outstanding Infrastructure Project (Medium Category) :**
Consulting Engineers Group for the Project of PMC services for Rajasthan State Highways project funded by World Bank
- **Powerhouse Award:** MA associations from Nepal, Korea, and Pakistan
- **Outstanding Infrastructure Projects:** Companies from Japan, Pakistan, China, and India for major transit, healthcare, energy, telecom, and road projects

FIDIC ANNUAL GLOBAL INFRASTRUCTURE CONFERENCE 2025

The FIDIC Annual Global Infrastructure Conference 2025 was held from 21st to 23rd September 2025, at the Cape Town International Convention Centre, South Africa.

The following representatives attended from CEAI:

Mr. Prashant Kapila, Mr. K.K. Kapila, Mr. Rajiv Maini, Mr. Gagan Anand, Ms. Vandana Randhawa, Ms. Veera Biradar, Mr. Akshat Nayyar, and Ms. Jyothsna Amrith.

CEAI Representation

FIDIC Board Members

During GAM, the result of the election held for the new Board Members were announced. The elected members are as follow:

- Benoit Chlocheret, France
- Tina Karlberg, Sweden
- Irakli Khergiani, Georgia
- Enni Soetanto, Indonesia

The FIDIC board nominated the FIDIC President elect for election as new President for 2025-2027 and also two Vice Presidents.

The elections were held and the GAM approved in favour of motion. The elected members are as follows:

- President - Alfredo Ingletti, Italy
- Vice President - Manish Kothari, U S
- Vice President - Adam Białachowski, Poland

FIDIC Awards were presented to following:

- **Louis Prangey Award** - *Mr Kiran Kumar Kapila*
- **Future Leaders Award** - *Negin Tousi, Canada*
- **Member Association Excellence Awards**
 - *The Association of Consulting Engineering Companies, Canada*

FIDIC Project Awards 2025

- *Project of the Year (Megaproject) - Sphere, Las Vegas, USA*
- *Project of the Year (Megaproject) -Shenzhen–Zhongshan Link, China*
- *Project of the Year (Large Project) - Energy transfer loop at Royalmount, Canada.*
- *Project of the Year (Medium to Large Project) -Dae-ho Lake Floating Photovoltaic Plant Project, Korea*
- *Project of the Year (Small to Medium Project) - Kelowna, BC - Mill Creek Flood Mitigation Infrastructure Project, Canada.*
- *Project of the Year (Megaproject) - Jamuna Rail Bridge Project, Bangladesh*
- *Project of the Year (Megaproject) - Guangzhou Baiyun Railway Station Transportation Hub, China*
- *Project of the Year (Megaproject) -Brightline Florida East-West Connector, USA*
- *Project of the Year (Large Project) - North Bothnia Line, Sweden*
- *Project of the Year (Medium to Large Project) - Lava Flow Mitigation Structures in Suðurnes, Iceland*
- *Highly Commended - Project of the Year (Medium to Large Project)- Xianghe Hydro Project Complex and Supporting Irrigation System, China.*
- *Project of the Year (Small to Medium Project) - New Vertical Lift Pamban Bridge project, India.*
- *Project of the Year (Small to Medium Project) - Serengeti Ecosystem Development and Conservation Project, Tanzania*
- *Project of the Year (Small Project) - Viettel Hoa Lac Data Center, Vietnam.*

FORTHCOMING EVENTS

- The very prestigious CEAI Annual Conference and Awards 2025 will be held on 26th & 27th November 2025 at Hotel Shangri-La, New Delhi. The theme of the Conference is "Engineering India Forward: Strategy, Sustainability & Innovation for Inclusive Infrastructure". The conference will have a galaxy of eminent National and International Speakers.
- The **CEAI National Awards 2025** will be presented during the Conference. The 'Awards 2025' has received a record number of nominations from organisations and individuals. The Awards will be presented in various designated categories. CEAI's Lifetime Achievement Award, to be named the **"CEAI Shri Mahendra Raj Lifetime Achievement Award"**, will also be presented on the occasion.
- Programmes to look forward to, that are tentatively planned to be organised by the **CEAI Academy**, are:
 - Intensive online Training on Highway DPR: Scheduled to be launched in December. This program will comprehensively cover all related aspects. Designed as a basic-level training, it is tailored for young and mid-level Highway/Bridge Engineers involved in DPR preparation.
 - Five training programs on Sustainable Development
 - Workshop on Cybersecurity
 - An online training program on Artificial Intelligence.

Online Training Course on **IRC Codes of Practice for Bridge Engineers**, organized by **CEAI Academy**.

Registrations are now open for Modules 2–6 of Module 1 of the Intensive Online Training Course on IRC Codes of Practice for Bridge Engineers, organized by CEAI Academy.

The sessions will commence on 3rd October 2025 and will be conducted every Friday and Saturday in an online format.

We invite you to register and benefit from expert-led training on key IRC Codes relevant to bridge engineering.

👉 Register here: <https://forms.gle/gHqhig7zpQkAyKtKA>

FEE STRUCTURE

Module	IRC Codes Covered	Non-Member Fee (Without 18% GST)	Member Fee (Without 18% GST)	Student Fee (Without 18% GST)	International Participant Fee (Without 18% GST)
Module 1	IRC:5, IRC:6, IRC:SP:114	₹16,000	₹13,000	₹8,000	\$250
Module 2	IRC:112	₹14,000	₹11,000	₹7,000	\$200
Module 3	IRC:24, IRC:22	₹13,000	₹10,000	₹6,500	\$175
Module 4	IRC:78 (Part 1 & 2)	₹11,000	₹8,000	₹5,500	\$150
Module 5	IRC:83 (Part I, II, III & IV), IRC:IRC:SP 69, Design of Isolation Bearings for Bridges	₹17,000	₹15,000	₹8,500	\$250
Module 6	IRC:87 – 2018	₹4,000	₹3,000	₹2,000	\$75

DISCOUNT OPTIONS

Group Registrations (Per Participant):

- 5+ participants: 10% discount
- 10+ participants: 20% discount

Participants can avail only one discount at a time.

DIRECTOR'S DESK

During the month of September 2025, CEAI conducted the following meetings:

- Sustainable Development Committee Meeting held on 3rd September 2025
- Governing Council Meeting held on 10th September 2025
- Extraordinary General Meeting held on 15th September 2025
- Seminar and Events Committee Meeting held on 18th September 2025
- CEAI Foundation Committee Meeting held on 18th September 2025

The Director also attended the FIDIC Global Infrastructure Conference (GIC) in Cape Town. The event yielded several key strategic outcomes and operational insights.

Knowledge Exchange and Membership Strategy

My initial interaction with DNS members proved highly valuable, structured like a workshop where we openly exchanged information on achievements and challenges. The key takeaway was the similar needs among most associations to significantly **expand their membership**. We concluded the session by discussing the common strategies to address this growth challenge.

Operational and Partnership Success

- **Improved Operations:** Discussions with **FIDIC staff** were particularly productive. By offering insights on resolving day-to-day payment issues, we agreed upon a **customized approach** to address our specific concerns and streamline future transactions.
- **Networking and Growth:** The conference saw participation from nearly **60 long-standing associations**, providing an excellent opportunity to strengthen relationships. As a direct result, we secured several leads for establishing **Memoranda of Understanding (MOUs)** and identified concrete opportunities to conduct joint, revenue-sharing **academy programs**.

Preparation for New Delhi

Attending this year's GIC was instrumental in preparing for the next conference, which is scheduled in **New Delhi**. We thoroughly **monitored the event to identify key requirements and potential shortcomings**, allowing us to apply these learnings to ensure a well-executed and superior FIDIC GIC next year.

THIS MONTH EVENTS

TRAINING ON DESIGN OF CHIMNEYS AND STACKS FOR POWER PLANTS & OTHER INDUSTRIAL APPLICATIONS

In keeping with India's decarbonization initiatives and the Net Zero 2070 target, CEAI Academy, in collaboration with CEAI Eastern & North-Eastern Region (CEAI-E&NER), launched a comprehensive Online Training Programme on "Design of Chimneys and Stacks for Power Plants & Other Industrial Applications". It was held on every Saturday and Sunday. It commenced on 30th August 2025 and ended on 27th September 2025.

The 10-session series, spread across 5 weekends, brought together experts to deliver in-depth knowledge on the design,

analysis, advanced design techniques, innovation, safety, and risk aspects in chimneys and stacks. The experts who delivered the sessions were Mr R L Dinesh, Former Discipline Head & Senior General Manager, TATA Consulting Engineers Limited, Mr Anirban Datta, Founder & CEO, PIMECAS Engineering Solutions, Dr Nirmalya Bandyopadhyay, Former Director, STUP Consultants Private Limited, and Dr K Suresh Kumar, Principal/Vice President, Global Consulting, RWDI.

INTENSIVE TRAINING COURSE ON IRC CODES OF PRACTICE FOR BRIDGE ENGINEERS

CEAI Academy started a programme on "Intensive Training Course on 'IRC Codes of Practice for Bridge Engineers'" on 5th September 2025. The training sessions are held every Friday and Saturday. It will conclude on 6th December 2025.

Module 2 & 5 of IRC Code starts from 3rd October. Registration are open.

SEMINAR ON LONG SPAN CROSSINGS AND THEIR SUSTAINABILITY

CEAI-E&NER, jointly with the Indian Association of Structural Engineers (IAStructE) – Eastern Region, and in collaboration with M/s GPT Infraprojects Limited, organised a Seminar on "Long Span Crossings & their Sustainability" on 6th September 2025, at the HHI, Kolkata.

The book 'Vidyasagar Setu across Hooghly - a unique engineering feat', authored by Er. Amitabha Ghoshal and Er. Subrata Basu was released by Smt. Antara Acharya, IAS, Secretary, Public Works Department, Government of West Bengal.

Lighting of the Lamp by the dignitaries

Address by Smt. Antara Acharya, IAS

Er. Anirban Datta, Chairman, CEAI-E&NER, welcomed the 250+ participants. Thereafter, Mr. Alok Bhowmick, President, IAStructE and Vice President, CEAI, Er. Anirban Sengupta, Vice President (East), IAStructE, and Er. Chandrachudha Bhattacharyya, Honorary Secretary, E & NE Region, CEAI, also addressed the gathering.

The Keynote Address was delivered by Er. Shashank Rajbhoj, General Manager (Design), AFCONS Infrastructure Limited. He highlighted the various challenges that were associated with the Chenab Railway Bridge.

Dr Sumantra Sengupta, Deputy Director (Technical), B&S Engineering Consultants Private Limited, spoke on the Design considerations for long-span bridges. The talk covered seismic forces, wind effects, stability, and fatigue criteria.

Er. Alok Bhowmick, Managing Director, B&S Engineering Consultants Private Limited, presented a Case Study on Structural Assessment, Repair, & Rehabilitation of a 64-year-old railway bridge at Mokama, Bihar.

Dr Satish Jain, Managing Director, UHPC India Private Limited & Satish Jain Consulting Engineers Private Limited, delivered a lecture on the Use of High-Performance Concrete in Long-Span Bridges.

Er. Santanu Majumdar, Managing Director, Mageba Bridge Products Private Limited, spoke about Bridge Appurtenances in long-span bridge systems.

Dr Nirmalya Bandyopadhyay, Former Director, STUP Consultants Private Limited, spoke on the Construction methodology and its impact on the planning and design of long-span bridges.

Er. Amitabha Ghoshal, Former President, Consulting Engineers Association of India, & Former Director, STUP Consultants Private Limited, and Er. Subrata Basu, Executive President, HUTNI Projekt FM (India) Private Limited, focused on the review of long span cable stayed bridge planning and development with reference to the Vidyasagar Setu.

Er. Angshuman Pandey from Imagegrafix Software Solutions Private Limited, Mr Giri Prakash from Freyssinet Menard India Private Limited, Mr Md. Zeeshan Alam from Midas Research and Development Centre India Private Limited, Mr Ashish Kumar Rai from Trimble Solutions India Private Limited,

and Mr Shishir Kumar from SOFiSTiK India Private Limited also presented case studies.

The concluding session of the event was a Panel Discussion on Bridge Failure, moderated by Er. Syama Prasad Datta, Chief Engineer (Retd.), Public Works Department, Government of West Bengal. The other Panellists in the session were Er. Amitabha Ghoshal, Dr Nirmalya Bandyopadhyay, Er. Alok Bhowmick, Er. Anirban Sengupta, Er. Partha Gangopadhyay, and Er. Rajib Chattaraj, Fmr Chief Engineer (NH Wing), Public Works Department, Government of West Bengal.

LECTURE ON IMPROVEMENT OF ROAD SAFETY IN INDIA

CEAI Future Leader Forum organised a lecture on "Improvement of Road Safety in India" on 11th September 2025. Mr Suvendu Seth, Transport Planner & Road Safety Consultant, was the Speaker.

Mr. Suvendu Seth spoke on Road Safety situation worldwide, Road Safety situation in India, UN Decade of Action on Road Safety, Approaches to improve Road Safety, Crash analysis, Causes of Road Crashes, Crash Data Collection, Treating Crash Locations, Safe System Approach, Difference vis-à-vis Conventional System, Ways to manage Speed, Vision Zero.

WORKSHOP ON XR & AI IN ENGINEERING & CONSTRUCTION INDUSTRY

Under the aegis of CEAI Academy, CEAI-WRC held a day-long workshop on "XR & AI in Engineering & Construction Industry" on 13th September 2025 at the IMC, Mumbai, which provided the opportunity to feel the immersive experience that XR offers and also see the power of AI, both of which can aid professionals in various areas.

OTHER NEWS

BUILDING INFRASTRUCTURE EXCELLENCE WITH EFFECTIVE DPRS & ROBUST MONITORING - A STRATEGIC PATHWAY TO VIKSIT BHARAT

At the conference on “Building Infrastructure Excellence with Effective DPRs & Robust Monitoring- A Strategic Pathway to Viksit Bharat”, Prashant Kapila - President, CEAI and Board Member, FIDIC - International Federation of Consulting Engineers - shared his perspectives as a panel speaker.

He emphasised that India’s ambitious infrastructure journey demands not incremental tweaks, but a fundamental rethinking of how we approach:

- DPRs - evolving from static reports to intelligent, dynamic blueprints driven by data, GIS, and life-cycle costing.

- Consultancy - moving beyond service provision to become knowledge partners and integrators, using digital twins, AI, and sustainability tools.
- Contracts - transforming from risk-allocation tools into collaboration frameworks, aligned with global best practices such as FIDIC.
- Monitoring - embracing real-time digital dashboards, drones, and IoT for transparency, accountability, and public trust.

“The future of Indian infrastructure will not be written in cement and steel alone, but in trust, innovation, and global collaboration.” - Prashant Kapila

HYDERABAD HOSTS WOC INDIA 2025 PANEL DISCUSSION FOCUS ON CEMENT INDUSTRY AND SUSTAINABLE INFRASTRUCTURE

Hyderabad welcomed chief stakeholders from infrastructure and construction sectors at an exclusive Panel Discussion & Media Interaction hosted by Informa Markets on 18 September 2025 held at the Hyatt Place. The gathering brought together senior representatives from innovation driven organisations to shape the future of construction in India: Jindal Panther Cement, BirlaNu, Robomatic Precon, Trashcon & WoW, Anchuri & Anchuri and industry association CEAI.

The World of Concrete India Expo and Conference is scheduled from 8 to 10 October 2025 at the Bombay Exhibition Center in Mumbai. In a significant collaboration, the Consulting Engineers Association of India (CEAI) has joined Informa Markets as the official supporting association. This partnership underscores CEAI's commitment to championing cutting-edge engineering solutions and fostering cross-sector dialogue.

As part of this collaboration, Mr. Somenath Ghosh, Vice President of CEAI, addressed the Press Conference and Panel Discussion and outlined the association's vision and initiatives. He emphasized CEAI's role in driving sustainable infrastructure development and highlighted upcoming programs designed to enhance practitioner engagement and knowledge exchange among consulting engineers nationwide.

VIEWPOINT

The theme for the December 2025 edition of ViewPoint is **“Asset Management for Sustaining Built Facilities”**.

The assertion that India has only recently become conscious of asset management may not be entirely accurate, as the industry has been growing for a considerable time, albeit incrementally. There has been an increased awareness about asset management in recent times, driven by higher financial literacy, digitalisation, and supportive economic policies.

Asset management for sustaining built facilities in India requires a strategic, long-term approach to facility maintenance, focusing on optimal resource utilisation, such as energy, water, etc., by the usage of natural lighting or renewables or power and water saving fixtures, thus making a conscious effort to reduce harm to the environment through the asset's lifecycle. To integrate sustainability into the asset lifecycle, eco-conscious decisions need to be taken from the initial design and construction phases through the operational phase and eventual decommissioning of the facility.

The ViewPoint invites Professionals and Organisations engaged in asset management to share their experiences by providing Case Studies of relevant projects, especially engineering projects, on practical issues encountered and how they addressed unanticipated challenges, pre-empted setbacks by helping Clients establish clear policies, built strategic roadmaps vital for long-term success and prevented asset failure or security failure.

Articles for the December 2025 edition of ViewPoint need to reach CEAI by 25 November 2025. Articles have to be in MS Word - Times New Roman 12 with single line spacing with before and after 6 pt and normal margin, on A4 size. A recent, clear and bright passport-size photograph of the author(s) is to be sent along with the article. For details of formatting, please refer to "Format for Articles for CEAI Viewpoint" on CEAI's website, under 'Publications'. The 'CEAI Conditions of Publication' can also be seen on the website.

ANNUAL CONFERENCE & AWARDS 2025

26–27 November 2025
Hotel Shangri-La, New Delhi

WHY ATTEND?

200+ delegates: engineers, policymakers, financiers, academicians

Plenary sessions, workshops & exhibitions

CEAI Awards Ceremony celebrating excellence

Networking with leaders & decision-makers

Foster collaboration across industry & government

Accelerate adoption of green & smart technologies

Shape policy with expert-driven insights

Build stronger peer networks for risk & governance

KEY OBJECTIVES

DELEGATE BENEFITS

Access to all sessions & exhibition

Conference kit & official materials

Networking lunches, coffee & tea breaks

**EARLY BIRD REGISTRATION
ENDS 10 OCTOBER 2025**

CEAI ANNUAL CONFERENCE & AWARDS 2025
